

**Remarks/Arguments**

Claims 1, 4 - 8 and 10 - 13 and 15 - 45 are pending in the application.

No new matter has been added by the amendments made herein, the details of which amendments are described further below.

An Examiner's Amendment accompanied the Notice of Allowability mailed on October 16, 2006, the amendment being based on a telephone conversation between the Examiner and the undersigned on October 3, 2006.

Dependent claim 26 has been amended in this paper to delete the requirement that the tubular mount extend into the housing interior, in view of the requirement in parent claim 24 for "a housing having a tubular mount extending into the housing interior".

Applicant believes the passage deleted from claim 26 is redundant in view of the requirement in claim 24, and that the present amendment more accurately reflects the amendment agreed to during the October 3 telephone conversation.

Entry of the amendment is respectfully requested.

In the event that any official wishes to telephone, the call should be directed to the undersigned at (416) 865-8121.

Yours very truly,
